URSINUS COLLEGE

HISTORICAL STATEMENT

In the year 1848, a School for the higher education of young men was established at Perkiomen Bridge, twenty-four miles from the State House in Philadelphia, on the main thoroughfare from Philadelphia to Reading, Pennsylvania. In keeping with the convictions, both religious and political, of its founder, the School was named "Freeland Seminary." Within a period of twenty years, more than four thousand young men from Pennsylvania, New Jersey, Maryland and Delaware received their education at this School.

In 1868, a body of men, actuated by a desire to serve the interests of higher education and evangelical Christian religion, met in the city of Philadelphia and resolved to found "an institution where the youth of the land can be liberally educated under the benign influence of Christianity." Ruled by this desire, they chose as the name of their institution that of one of the most distinguished reformers and scholars of the sixteenth century, *Ursinus*, of the University of Heidelberg.

The Act of Incorporation under which Ursinus College is conducted was granted by the Legislature of Pennsylvania, February 5, 1869, and is as follows:

AN ACT

TO INCORPORATE URSINUS COLLEGE

SECTION I. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, that there shall be and hereby is erected, established and incorporated in Upper Providence Township, in the County of Montgomery, in this Commonwealth, an institution of learning, for the purpose of imparting instruction in Science, Literature, the Liberal Arts and Learned Professions by the name, style and title of URSINUS COLLEGE.

Ursinus College

SECTION 2. Said College shall be under the care and management of a Board of Directors not exceeding twenty-one in number, who, with their successors in office, shall be and are hereby declared to be one body politic and corporate in deed and in law, to be known by the name, style and title of Ursinus College, and by the same shall have perpetual succession, and shall be able to sue and be sued, plead and be impleaded in all courts of law and equity, and shall be capable in law and equity to take, hold and purchase for the use and benefit of said College any estate in any messuages, lands, tenements, goods, chattels, moneys and other effects of any kind whatever, by gift, grant, bargain, sale, conveyance, assurance, will, devise or bequest from any person or persons, body politic or corporate, either municipal or otherwise whatsoever capable of lawfully making the same, and the same from time to time to grant, bargain, sell, convey, mortgage, farm, let, place out at interest, or otherwise dispose of for the use and benefit of said College; *Provided, however,* That no bequest or donation made to and accepted by said Board for specific educational objects shall ever be diverted from the purposes designated in the conditions of such gift and acceptance.

SECTION 3. That the Board of Directors shall have power to establish, from time to time, in said College, such departments of study and instruction as they may deem expedient, and to provide libraries, apparatus, cabinets, endowments and all other needful aids for imparting full and thorough courses of instruction therein. They may appoint a faculty or faculties, professors, lecturers and teachers, prescribe their respective duties, fix their compensation, and remove them, or any of them, as, from time to time, the interests of the College may require; they shall have power to purchase or erect buildings for the accommodation of students, professors and officers, and for other needful purposes; to establish rules and regulations for the government of students and officers, and to do all and singular such other things and matters as may be requisite for the well ordering and proper management of the affairs of said College.

SECTION 4. That the said Board of Directors shall at first consist of the persons herein named, to wit: *James Koons, Sr., J. Knipe, W. D. Gross, H. W. Kratz, A. Kline, H. K. Harnish, Abraham Hunsicker, Sr., J. W. Sunderland, John Wiest, A. W. Myers, H. H. W. Hibshman, A. Van Haagen, J. H. A. Bomberger, J. G. Wiehle, J. Dahlman, Jr., Emanuel Longacre, George Schall, W. L. Graver, William Sorber, Nathan Pennypacker, N. Gehr*, who, or any nine of them, on the passage of this act, or at any time within three months thereafter, may meet and organize

Historical Statement

by electing a President and Secretary, and accepting this act, the evidence of which shall be the duly authenticated record of such meeting and action.

SECTION 5. That the Board of Directors shall have power to fill all vacancies in their own body, to expel any member thereof who shall be guilty of infamous conduct and to declare vacant the seat of any member who shall have, for three consecutive years, failed to attend the stated meetings of the Board; to appoint, from time to time, such additional officers and agents of their own body as may be deemed requisite, including a Treasurer, who shall always give ample security for the funds entrusted to his keeping; to adopt a common and corporate seal, by and with which all deeds, certificates, appointments and acts of said Board, signed by their President and attested by their Secretary, shall pass and be authenticated, and the same seal at their pleasure to break, alter or renew.

SECTION 6. That the said Board of Directors, at any meeting subsequent to their organization called for the purpose, and of which due notice shall have been given to each member, may adopt and establish a Constitution and By-Laws for the government of their own body, not inconsistent with this act, the laws of the State or the laws of the United States, which Constitution and By-Laws shall not thereafter be altered, amended or repealed except in the manner therein provided.

SECTION 7. That the faculty of any organized department in the College may, with the advice and consent of the Board of Directors, and under such regulations as they may prescribe, confer the degrees, honors, and dignities usually conferred by similar departments in the Colleges and Universities of this Commonwealth.

SECTION 8. That no misnomer of this corporation shall defeat or annul any gift, grant, devise or bequest to or from the said corporation. *Provided*, The intent of the parties shall sufficiently appear upon the part of the gift, grant, will, or other writing whereby such state or interest was intended to pass to or from said corporation.

The corporation was organized at a meeting of the Directors held in the city of Philadelphia, February 10, 1869. A permanent seat for the College was sought near Philadelphia. Attracted by the beauty of the region of Perkiomen Bridge, where Freeland Seminary had flourished for twenty years, and impressed by the reputation of the community for its interest in education, the Board of Directors purchased the property

Ursinus College

of Freeland Seminary, and incorporated the latter into Ursinus College as its preparatory department. About this time the United States postal authorities named the post office at Perkiomen Bridge, Collegeville. Instruction was begun September 6, 1870. In 1881 the doors of the College and Academy were opened to women. The Academy was discontinued as a department of the institution June 8, 1910.

The Ursinus School of Theology was organized June 1, 1871, and opened for instruction the following September. The School was conducted at Collegeville in connection with the College till 1898, when it was removed to Philadelphia. March 8, 1907, a Compact of Union was ratified by the Board of Directors of Ursinus College, by which the instruction of the Ursinus School of Theology is conducted in the Central Theological Seminary, located at Dayton, Ohio.

Collegeville is easy of access by the Philadelphia and Reading Railway from Philadelphia, Allentown or Reading. Electric cars connecting Collegeville with Pottstown, Norristown and Philadelphia pass the College campus. The College grounds cover fifty-three acres, including a fine lawn and campus of ten acres, tennis courts, an athletic field, and several fields for agriculture.

NEEDS

The College presents for the consideration of benefactors the following needs:

1. Additional endowment. The following objects, fitting as memorials and representing varying amounts, are commended to benefactors: Scholarships, \$1000 to \$3000; Departments in the Library, \$3000 to \$5000; Scientific Laboratories, \$5000 to \$10,000; Professorships, \$30,000 to \$40,000. Undesignated gifts for endowment are added to the general endowment fund of the College.

2. A building containing laboratories and lecture rooms for work in pure and applied science, including physics, biology and chemistry. A fund of \$100,000 should be provided for this purpose.

Bequests

3. A residence hall for young women with sufficient capacity for housing fifty students. The cost would be approximately \$50,000.

BEQUESTS

All testamentary papers intended to convey funds or property to the College should be signed, witnessed and executed in strict accordance with the statutory laws of the State in which the testator resides. In all cases the name of the corporation should be accurately given, as in the following forms:

I give, devise and bequeath to URSINUS COLLEGE, located at Collegeville, Montgomery County, Pennsylvania, their successors and assigns forever, the sum of dollars, to be invested by said corporation, and the interest accruing therefrom to be applied to the maintenance of instruction in said institution.

I give, devise and bequeath to URSINUS COLLEGE, located at Collegeville, Montgomery County, Pennsylvania, their successors and assigns forever, a certain lot situated, etc., for the uses and purposes of said College according to the provisions of its charter.

Bequests intended for the Theological Department, formerly the Ursinus School of Theology, now conducted in the Central Theological Seminary at Dayton, Ohio, should be so designated but should be made in favor of Ursinus College in which the interests of this department are vested; as in the following form:

I give, devise and bequeath to URSINUS COLLEGE, located at Collegeville, Montgomery County, Pennsylvania, their successors and assigns forever, the sum of dollars, to be invested by said corporation, and the interest accruing therefrom to be applied to the maintenance of the Theological Department of said institution.

ADMISSION

A student who wishes to enter Ursinus College must bring from the school or college he has attended, or from the teacher with whom he has studied, a testimonial of good character and a certificate of preparation for the work he desires to take, in the form prescribed by the college. Blank forms for these certificates are furnished by the Dean of the College, to whom all communications on the subject and all certificates are to be addressed.

Certificates of preparation should be filed, as far as possible, prior to the opening of College. When this is impossible, due to the absence of school officials or other sufficient reasons, the applicant may be registered and enrolled for instruction *provisionally*. If the applicant fails to present the certificate within one month after the opening of College he will then be required to take the regular entrance examinations.

Students from high schools, academies and normal schools approved by the faculty, or from other colleges, and candidates who have passed the examinations of the College Entrance Examination Board of the Middle States and Maryland, are admitted on certificate. All other candidates must satisfy the entrance requirements by examination. A candidate whose certificate does not cover the amount of work required in a subject may be admitted to college as a regular student with conditions as provided in the statement given on page 23.

REQUIREMENTS FOR ADMISSION

The studies which may be presented in satisfaction of the requirements for admission are set forth below. A candidate must present, either by examination or by certificate, satisfactory evidence of preparation in the studies he offers in accordance with the requirements in each study as defined:

English

The Uniform Entrance Requirements in English include preparation based upon two lists of books,—one of the books for reading

Ursinus College

and one of the books for special study. In connection with the reading and study of prescribed books, the candidate should read other books and commit to memory a considerable amount of good English poetry. The reading should be done with a view to the development of literary appreciation, accuracy of expression and elegance of style.

(a) **READING.**—The candidate will be required to write a paragraph or two on each of several topics chosen by him from the list drawn from the books named below. This part of the examination is designed, primarily, to test the candidate's power of clear and accurate expression, and will call for only a general knowledge of the books prescribed. He should read the books as he reads other books not aiming to know them minutely, but to gain a knowledge of their most important parts. In every case knowledge of the book will be regarded as less important than the ability to write good English.

Every applicant will be examined in English Composition. No candidate will be accepted whose work is seriously defective in spelling, punctuation, grammar, or division into paragraphs.

The books provided for Reading for 1914 are arranged in the following groups, from which at least ten units are to be selected, two from each group. Each unit is set off by semicolons.

1. The Old Testament, comprising at least the chief narrative episodes in Genesis, Exodus, Joshua, Judges, Samuel, Kings, and Daniel, together with the books of Ruth and Esther; the Odyssey, with the omission, if desired, of Books I., II., III., IV., V., XV., XVI., XVII.; the Iliad, with the omission, if desired, of Books XI., XIII., XIV., XV., XVII., XXI.; Vergil's *Æneid*. The Odyssey, Iliad, and *Æneid* should be read in English translations of recognized literary excellence.

For any unit of this group a unit from any other group may be substituted.

2. Shakespeare's, *The Merchant of Venice*; *Midsummer Night's Dream*; *As You Like It*; *Twelfth Night*; *Henry the Fifth*; *Julius Cæsar*.

3. Defoe's *Robinson Crusoe*, Part I.; Goldsmith's *Vicar of Wakefield*; either Scott's *Ivanhoe* or Scott's *Quentin Durward*; Hawthorne's *The House of the Seven Gables*; either Dickens's *David Copperfield*, or Dickens's *A Tale of Two Cities*; Thackeray's *Henry Esmond*; Mrs. Gaskell's *Cranford*; George Eliot's *Silas Marner*; Stevenson's *Treasure Island*.

4. Bunyan's *Pilgrim's Progress*, Part I.; The Sir Roger de Coverley Papers in *The Spectator*; Franklin's *Autobiography* (con-

5. Palgrave's Golden Treasury (First Series), Books II. and III., with especial attention to Dryden, Collins, Gray, Cowper, and Burns; Gray's Elegy in a Country Churchyard and Goldsmith's Deserted Village; Coleridge's Ancient Mariner and Lowell's The Vision of Sir Launfal; Scott's The Lady of the Lake; Byron's Childe Harold, Canto IV., and The Prisoner of Chillon; Palgrave's Golden Treasury (First Series), Book IV., with especial attention to Wordsworth, Keats, and Shelley; Poe's Raven, Longfellow's The Courtship of Miles Standish, and Whittier's Snow Bound; Macaulay's Lays of Ancient Rome and Arnold's Sohrab and Rustum; Tennyson's Gareth and Lynette, Lancelot and Elaine, and The Passing of Arthur; Browning's Cavalier Tunes, The Lost Leader, How They Brought the Good News from Ghent to Aix, Home Thoughts from Abroad, Home Thoughts from the Sea, Incident of the French Camp, Hervé Riel, Pheidippides, My Last Duchess, Up at a Villa—Down in the City.

(b) STUDY.—In addition an examination will be required upon the subject matter, literary form and logical structure of each of the works named below. A careful and critical study of the works will be necessary to prepare the candidate for the examination. The student may be required to answer questions on the leading facts of the literary periods to which the works belong and on the essentials of grammatical structure.

The books prescribed for this part of the examination are as follows:

For 1914—Shakespeare's Macbeth; Milton's L'Allegro, Il Penseroso, and Comus; either Burke's Speech on Conciliation with America, or both Washington's Farewell Address and Webster's First Bunker Hill Oration; either Macaulay's Life of Johnson, or Carlyle's Essay on Burns.

SPECIAL STUDENTS

When admitted, special students are enrolled as members of the groups they may choose to enter and are under the direction of the regular advisers. Special students must register for

Admission

at least five standard courses or their equivalent, and are held accountable for the satisfactory completion of courses for which they register. They are subject to the same regulations as other students.

ADMISSION TO ADVANCED STANDING

A student may be admitted to advanced standing at the beginning of any term, not later than the first term of the Fourth year; either

1. BY EXAMINATION, in all the studies required for admission and in the studies which have been pursued by the class he may wish to enter, provided the candidate attain a grade not lower than B in such examination; or
2. FROM ANOTHER COLLEGE, provisionally, to the standing which he held in the college he last attended, upon written evidence of his standing and of the work done.

GOVERNMENT

Students whose application for admission to college has been approved by the Faculty, become members of the institution by matriculating at the Dean's office. Students who have not fully matriculated, but have been admitted to classes provisionally, pending the determination of their standing, are not permitted to represent the college in any public performance or in any intercollegiate contest.

REGISTRATION

All students must register at the opening of the college year for the work of the whole year, and will not be allowed to change their registration or drop courses of study, later than one week after registration day except by special permission of the Faculty. A fee of One Dollar is charged for registration on days other than those appointed for the registration of students in the college calendar.

ABSENCES

Students shall be allowed to absent themselves without excuse from any class as many times a term as the class meets a week.

Students who are obliged to be absent from class on account of athletic, musical or other activities in which they represent the College will be excused provided the dates of such absences have been previously designated and have been approved by the Faculty, or in cases of emergency, by the Dean. Absences incurred through sickness or death in the family may be excused by the Dean at his discretion. Absences for other reasons will not be excused, except by special vote of the Faculty.

A student who exceeds his allowed number of absences must take an extended examination for which he shall pay a fee of One Dollar.

Any student who shall have more unexcused absences than one-fourth the number of recitations in any one course during

Government

a term shall not be admitted to the final examination and shall be required to repeat the term's work.

ADVISERS

At the beginning of the year the Faculty appoints from its own number Advisers for the students in each of the seven Groups in which the courses of instruction are offered. The students of each Group are amenable to the Adviser of the Group in all matters of conduct, study and discipline. His approval is necessary before a student may register for or enter upon any course of study, or discontinue any work. He is the medium of communication between the Faculty and the students of his Group, and in a general way stands to his students in the relation of friendly counsellor.

GRADES OF SCHOLARSHIP

On the completion of a course the standing of a student is expressed, according to his proficiency, by one of five grades, designated respectively by the letters A, B, C, D, E. Grade E in any course denotes failure.

Each student is required to do a grade of work that shall average C in the courses pursued in any one year; and in the event of his failure to do so, shall be required to repeat in the following year such course or courses as may be necessary to raise the average grade to C, the repeated work to take precedence over any additional courses.

A permanent record is kept of each student's work, and a report of the same is sent to his parents or guardian at the close of each term.

PUBLIC WORSHIP

Students are required to attend religious services in the college chapel each day of recitations, and are expected to attend services on Sunday morning in some adjacent church of their own or their parents' choice.

Ursinus College

When a student shall have been absent from chapel services more than one-eighth of the number of times such services are held during the year, without having been excused, such absences shall be counted as demerits and the student shall be liable to discipline.

COLLEGE PRINCIPLES

The College is committed both in principle and by tradition to a policy which opposes unnatural distinctions among its students. Secret or exclusive organizations are not permitted. Equal opportunity for all is provided and a wholesome spirit of fraternity throughout the entire body is encouraged. A system of student government, with powers inhering in the several groups and in a central representative body known as the Senate, encourages self-control and practice in civil affairs. The institution being organized on the group basis is unhindered by class rivalry and its attendant evils. The aim of the institution is to train its students, through the performance of their social and civic obligations and duties, in those virtues which will fit them for the special responsibilities of educated men and women in after life.

DOMESTIC LIFE

The college aims to provide thoroughly healthful, wholesome and homelike conditions in the residences for both young men and young women. The boarding department is made an educational asset in the institution. All resident students take their meals in a large, cheery dining room constructed on artistic and thoroughly sanitary lines. The meals are prepared in a spacious, well-lighted, sanitary kitchen with complete modern equipment.

By controlling the conditions under which the students live, the college provides a physical basis for its higher functions that insures not only health of body and joy of life, but greatly promotes mental efficiency and success in intellectual pursuits.

COURSES OF INSTRUCTION

The following courses of instruction are provided for the year 1914-1915:

The courses are arranged as full courses or half-courses according to the estimated amount of work in each and its value in fulfilling the requirements for graduation. Half-courses are designated as such, and, in general, represent three hours of class work a week for a half year, or two hours for a year. All other courses are full courses, requiring three hours of class work a week for a year, or two hours of class work and a prescribed amount of outside work.

A candidate for the degree of Bachelor of Arts or Bachelor of Science must complete twenty full courses or an equivalent amount of courses and half-courses.

GROUPS OF COURSES

The Courses of Instruction named in the preceding pages are offered in carefully arranged groups, each comprising (1) dominant subjects, which adapt the courses to the needs of particular classes of students and afford special preparation for professional study; (2) related subjects, to give the breadth and symmetry requisite in a liberal education; (3) studies common to all the groups and required of all students.

A student may substitute, with the approval of his group Adviser and the Faculty, other studies for elective courses laid down in his group; or, at the close of a year, he may change to another group. When a student changes to another group he will, however, receive credit for his required work for graduation only for such of the prescribed courses which he may have completed as are included in the group to which he has received permission to change.

CHOICE OF STUDIES

Before a student may register he must obtain his Adviser's approval of his choice of studies (in a book provided for that purpose). He must include in the list all his studies, both prescribed and elective, *for the whole year*.

A student is not allowed to register for more than five and one-half courses in any one year, nor for less than four courses in the Fourth year, without special permission of the Faculty. In case of conditions in any year a student, with the consent of his Adviser and the Dean, may take in addition to his regular schedule, conditions equivalent to one full course. Courses to satisfy conditions shall take precedence of regular courses.

REQUIREMENTS FOR GRADUATION

A student must complete, for the degree of Bachelor of Arts or Bachelor of Science, *twenty full courses*, or an equivalent number of courses and half-courses, as follows: First year, five and one-half courses; Second year, five courses; Third year, five courses; Fourth year, four and one-half courses. If at the beginning of any year after the first, his record of work done is complete he may elect an extra course.

Ursinus College

Such extra course does not count towards the twenty full courses required of him for a degree, but may count for department honors. A student electing an extra course must complete it the same as a regular course.

BUILDINGS AND EQUIPMENT

BUILDINGS

BOMBERGER MEMORIAL HALL, named for the first President of the College, is a large and imposing structure in the Romanesque style of architecture, built of Pennsylvania blue marble. In this building are the chapel and auditorium, ten commodious and well-lighted recitation rooms, three laboratories, the library, reading room, society halls, and administration offices. It is heated with steam and lighted with acetylene gas. The College is indebted for the building to the generosity of the late Mr. Robert Patterson, of Philadelphia, whose donations to the building fund amounted to \$32,000, and to gifts from numerous other friends.

FREELAND HALL, the original building of Freeland Seminary, DERR HALL, a memorial to the late Reverend Levi K. Derr, D.D., and STINE HALL, a memorial to the late Daniel Stine in grateful recognition of benefactions to the college by his daughter, Mrs. Augustus L. Kaub, constitute a fine group of buildings occupying a position in contiguous arrangement in the center of the campus. During the summer of 1913 these structures were completely remodeled and are now practically new buildings thoroughly adapted to the present needs of the college. The buildings are of stone, four stories in height with a fifth story of dormer rooms. The outer surfaces have a white sand finish while the windows are fitted with green blinds. An imposing portico of masonry and concrete having four classic columns rising to the full height of the building and surmounted with a pediment of terra cotta graces the main entrance. The original cupola, somewhat altered in design, remains to provide a permanent place for the college bell which has here swung aloft and summoned students to classes for more than sixty years.

Ursinus College

On the ground floors are three communicating dining rooms providing sittings for more than three hundred persons. The largest of these is a memorial to Israel B. and A. Lizzie Shreiner, friends and benefactors of the college. A large, airy kitchen of entirely new structure and containing a complete equipment of new and most approved design, occupies the entire space in the rear court formed by the three buildings. This and the dining rooms are provided with marbleoid floors and are built on strictly sanitary lines. By means of lateral windows and vault lights, open hearths and direct overhead ventilators, these compartments are at all times well lighted and healthful. The remaining space on the ground floors provides store-rooms, and a convenient room, with an entrance on the east side, for the book store and post office. The kitchen is overlaid with a floor of steel and concrete, providing a fine elevated plaza as a thoroughfare of approach from the rear to all three buildings.

The main floor of Freeland Hall, containing four large rooms and a hall, provides facilities for receptions and socials. The other portions of these buildings are fitted up for residential purposes. The rooms are of varying size designed for one or two occupants, a considerable number being arranged en suite. Ample lavatory, bath and toilet facilities are provided on each floor. All parts of these buildings are lighted by electricity and heated with steam.

OLEVIAN HALL, a spacious dwelling on the west campus, is one of the homes for young women. This building has all the appointments of a complete home. The rooms are large, lighted by electricity and heated with steam.

SHREINER HALL, occupying a prominent position fronting on Main Street and facing the College Campus, has recently been enlarged, improved and furnished as a residence hall for young women. This is a three-story brick building, comfortably and conveniently arranged for the accommodation of twenty-five students. On the first floor are a reception room, music

Buildings and Equipment

rooms and office of the principal. The rooms for students vary in size, but are uniformly well lighted and comfortable. The building is heated throughout with steam and provided with electric light.

SPRANKLE HALL, a stone mansion on the east campus fronting on Fifth Avenue, is a large residence, three stories in height, with porches and veranda, and contains all of the conveniences of a comfortable home.

The THOMPSON ATHLETIC CAGE, erected in 1912 as a memorial to Robert W. Thompson, occupies a site on high ground adjacent to the athletic field. This is a spacious and substantial building providing facilities for all forms of indoor athletics and affording opportunities for recreation during the winter months.

The FIELD HOUSE, convenient to the cage and the athletic field, is one story in height, built of native stone, with jagged edges and heavy joints, the whole presenting a rustic effect. The house contains dressing rooms, shower baths, toilets, a heating plant, supply room, and office for the Athletic Director.

The College gives liberal encouragement to outdoor exercise. Cordial support is given to the various forms of athletics and all of the students are urged to participate in athletic games. The athletic field of the College affords superior grounds for the use of the football and the baseball teams, and on the campus grounds have been set apart and graded for tennis.

A central heat and water plant furnishes steam heat for the principal buildings, and distributes excellent water from an artesian well 246 feet deep, to all the buildings on the premises.

A substantial stone barn, somewhat removed from the college buildings and grounds, and convenient to the fields and gardens, is the center of the agricultural, vegetable and dairy industries of the institution.

Ursinus College

LABORATORIES

THE BIOLOGICAL LABORATORY is on the first floor of Bomberger Memorial Hall, and has a north and west exposure. The room is 30 x 40 feet in size, is well lighted and thoroughly fitted with tables, desks, cabinets, lockers, aquaria, etc. The laboratory equipment consists of twenty-seven compound microscopes with powers ranging up to 1000 diameters, dissecting microscopes, microtomes, projective lantern, stereopticon, camera lucida, water baths, incubator, and other such apparatus, glassware and reagents as are needed in the study of general morphology, histology and cytology of plants and animals. Special apparatus for experimental work in physiology has been added.

Each student is provided free of extra charge with all the instruments, glassware and reagents needed; but he is held responsible for the care of these. The laboratory will accommodate twenty students at one sitting.

A considerable collection of zoölogical and botanical material, including the private collection of the late Professor P. Calvin Mensch, bequeathed to the College, is used for museum and illustration purposes. A recently formed and rapidly growing herbarium offers a fair illustration of the flora of North America.

A small department library, containing some of the best zoölogical, botanical and physiological works in English, French and German, besides many pamphlets, reprints and government reports, is open to the use of students in Biology.

THE PHYSICAL LABORATORY is situated in the second story of Memorial Hall. Modern improvements have recently been introduced and large additions made to the equipment, so that excellent facilities are provided for experimental work in every branch of Physics. The apparatus is of modern design, and has been selected with great care from the best European and American makers. The list includes a small dynamo, Ruhmkorff coil, galvanometers with telescope and scale, dynameter,

The College Library

apparatus for demonstrating wireless telegraphy, spectrometer (Geneva Society), spectroscope (Geneva Society), polariscope, four-inch refracting telescope, a 4 x 5 camera fitted with a superior planatograph lens, and a lathe for wood and metal turning, with screw-turning attachment.

The dark room, for photographic work, 10 x 12 feet in size, is provided with running water, sinks and all necessary apparatus for making negatives and lantern slides.

THE CHEMICAL LABORATORY occupies a room 30 x 40 feet in size, well lighted, well ventilated and equipped with all the necessary apparatus for experimental work in general, analytical and organic Chemistry. Tables have been fitted up for the accommodation of thirty-eight students, and each table is provided with such appliances as are necessary for gas generation and measurement, distillation, and the performance of experiments belonging to these courses. Students are held responsible for all breakages.

Tables have also been equipped for the performance of experiments in Physiological Chemistry in connection with the course given in Physiology.

THE COLLEGE LIBRARY

The College Library contains about fourteen thousand volumes, selected mainly for the purpose of study, reference and thoughtful reading. The Library is open every week-day from 8.15 a. m. to 5 p. m., Sunday 2 to 4 p. m., and on appointed evenings during the week. Members of the College are allowed free access, under a few necessary limitations, to all the bookshelves. Each student is permitted to take out two volumes at a time. In addition to these privileges, special arrangements have been made which enable students to obtain books from Philadelphia libraries.

The reading room is supplied with foreign and American periodicals. The shelves contain encyclopedias, dictionaries, and other books for particular and general reference. The

Ursinus College

following newspapers and periodicals appear on the files and tables during the course of the year:

NEWSPAPERS.—The Public Ledger, The Press, The Philadelphia Record, the North American, The Philadelphia Inquirer, The Evening Telegraph, The Reading Eagle, The Allentown Morning Call, American Economist, Reformed Church Messenger, Reformed Church Record, Christian World, The Christian Intelligencer, The Presbyterian, Kirchenzeitung, Christian Work, and the local papers.

BOOK ROOM

The College maintains a book room in which a supply of text-books, stationery, etc., is kept on hand to meet the needs of students. It is aimed to furnish books at less than the usual retail price. Second-hand books may be purchased at low cost. The books used in connection with the various courses of study may be noted, so far as they are announced, in the statement of courses of instruction, on pages 31-46.

Expenses

SOCIETIES

For the mutual improvement of the students two Literary Societies are maintained in the College, the Zwinglian and the Schaff. Each has a special hall for its meetings. Every student in the College is expected to become a member of one or the other of these societies.

The young men and the young women also maintain flourishing Christian Associations, which hold weekly prayer-meetings, engage in special Bible study, and are active agents in promoting the religious life of the College.

EXPENSES

COLLEGE FEES

The College expenses of a student, including tuition, library, laboratory, gymnasium, and all other fees, are \$110 a year.

A charge of ten dollars is made in the bill of the last year to cover expenses of graduation.

A deposit of five dollars is required of each student to defray any expenses incurred by injury to property. The unexpended balance is returned to the student when he leaves the institution.

A student who is absent from College on account of sickness, or for any other cause, and retains his place in his class, pays the College fee in full during his absence, and payment is required before the student can be admitted to examination. No remittance is allowed on account of withdrawal from the institution during a term.

ROOM AND BOARD

The charge for a furnished room in Freeland, Derr or Stine halls is from \$80 to \$120 a year; in Olevian Hall or Shreiner Hall, the residences for women, from \$56 to \$126 a year. The charge, in all cases, includes heat, light and attendance. When two students occupy a room the charge is divided

Ursinus College

between them. A payment of five dollars on account is made by a student when he engages a room, which he forfeits in case he does not occupy the same.

Each student supplies his own towels, two pairs of sheets for a single bed, a pair of pillow cases (19 x 34), a pair of blankets and a bed spread.

The charge for table board is \$140 a year, not including the Christmas and Easter recesses. For less than one term the charge is \$4.25 a week in advance. All students who do not take their meals in their own homes will board at the College Dining Hall. Each student has the option of providing for his use six table napkins or of paying a fee of one dollar, in which case they will be furnished by the College.

PAYMENT OF BILLS

The bills of a student based on the foregoing charges are payable as follows:

At the opening of the term in September....	\$77.50
On or before December 1.....	72.50
On or before January 29.....	72.50
On or before April 1.....	72.50

The bills may vary from the stated amounts in certain instances according to location of rooms. Credits on account of scholarships or college aid are allowed on the December and April bills.

Special fees and Literary Society dues of students must be paid, or their payment secured, before the Saturday preceding the Commencement on which they expect to receive their degrees.

FEES FOR INSTRUCTION IN MUSIC

Private lessons per term of fifteen weeks: piano, twice a week, \$22.50, once a week, \$11.25; voice, twice a week, \$30, once a week, \$15. The charge for use of piano is \$10 a year.

Commencement parts, assigned as honors to the members of the graduating class in the order of rank in scholarship, are

Honors and Prizes

valedictory and salutatory orations. At the discretion of the Faculty an additional oration may be assigned as a third commencement part.

GRADUATION WITH DISTINCTION

Members of the graduating class, who have shown great proficiency in their entire course may be graduated with distinction if, in the opinion of the Faculty, their attainments warrant such honors. These distinctions are: *summa cum laude*, *magna cum laude*, and *cum laude*, and are given only for unusual excellence in all the subjects pursued by the candidate.

DEPARTMENT HONORS

Students may be graduated with special honors in departments of study in which they have shown exceptional proficiency, and in which they have done extra work as prescribed in the following rules:

1. A candidate for department honors must have the endorsement of the professor in charge of the department in which he expects to try for such honors, and must enroll as a candidate at the Dean's office not later than one month after the opening of the college year in which he expects to receive his degree.

2. A student must have maintained a grade not lower than C in any course previously pursued after the First year and must maintain an average of B while he is pursuing his work as a candidate for department honors.

3. A candidate shall be required to do an amount of work equivalent to one-half course in the department in which he intends to try for honors, in addition to the full number of courses prescribed for graduation; and shall submit to the Faculty a thesis on some subject within the field represented by his extra work. The thesis must be presented at least one week before the time set for the Fourth year final examinations.

JUNIOR ORATORICAL PRIZES

Frank H. Hobson, A. B., of the Class of '03, offers a prize in honor of his father, the late F. G. Hobson, LL.D.,

Ursinus College

of the Class of '76, consisting of a gold medal, for the best oration delivered at the Junior Oratorical Contest on Monday evening of Commencement Week. A second medal, offered by the Rev. J. W. Meminger, D. D., of the Class of '84, is awarded to the oration ranking second in this contest. The third oration receives honorable mention.

SCHOLARSHIP PRIZES

Twenty scholarships are offered annually under special conditions, by the authority of the Directors of the College, as prizes in approved secondary schools. These scholarships entitle the holders to free tuition in Ursinus College.

MEDICO-CHIRURGICAL SCHOLARSHIP

In order to encourage young men to take a college course before beginning the study of Medicine, the Medico-Chirurgical College of Philadelphia offers a free scholarship to one graduate of Ursinus College every three years.

DEGREES

BACHELOR OF ARTS AND BACHELOR OF SCIENCE

The degrees of Bachelor of Arts and Bachelor of Science are conferred by the Directors on all students who have completed the academical exercises appointed for them by the Faculty and, upon final examination, have been approved as candidates for these degrees.

MASTER OF ARTS

The degree of Master of Arts is conferred upon graduates of this College holding the Bachelor of Arts degree, or upon graduates of any other College making equal requirements for the Bachelor's degree, in accordance with the following regulations:

1. The candidate must pursue, under the direction of the College Faculty, prescribed work equivalent to four standard college courses, two of which must represent work in some

Degrees

one department of instruction; must pass satisfactory examinations in the same; and must submit an acceptable thesis on some topic connected with his main field of study. Accepted theses become the property of the College.

2. Candidates who present from other institutions certificates of graduate study equivalent to the foregoing requirements are exempt from all the above requirements except the submission of a thesis.

3. Bachelors of Arts of Ursinus College who were graduated with honors, or who maintained an average grade of B during the last two years of their college course, may pursue their studies not in residence. Other candidates will be required to pursue their studies in residence. Non-resident students will not be permitted to register for more than two courses a year, and will be required to take their examinations at the College. Resident students may complete the required work in one year.

4. All courses to be pursued in fulfillment of the requirements for the Master's degree must be approved by the Faculty before the work may be begun.

5. Students pursuing graduate study must register not later than October 15th of each academic year. Candidates for the Master's degree must have passed all examinations and submitted their theses one month prior to the date of Commencement on which the degree is to be conferred.

6. The fees for graduate students are as follows: Registration, \$5.00; Final examination in each course, \$5.00; Examination of thesis, \$5.00; Graduation, \$5.00. An additional fee of \$5.00 per course will be charged to students who elect courses not already offered by the College.

THE SUMMER SESSION

The Summer Session of Ursinus College for the year 1914 will open Monday, June 22, at 8 o'clock a. m., and close on Friday, July 31, at 12 o'clock noon.

ADMISSION

No examination is required for admission to the college preparatory courses offered in the Summer Session. The candidate must, however, satisfy the instructor that he is fitted to do the work of a course by submitting written evidence of his preparation in the form of term reports, certificates or official letters from approved schools or instructors.

Members of Ursinus College and of other colleges are admitted to collegiate courses in the Summer Session without examination. Graduates of approved academies, high schools or normal schools are admitted without examination to all courses for which they present certificates of preparation in the form prescribed by the Faculty of Ursinus College for admission to College. Blank forms for these certificates may be had on application to the Dean of the College. Other applicants must take the entrance examinations of the departments in which they wish to work. When credit toward a degree is not desired, persons may register without examination for any course they are prepared to pursue.

INSTRUCTION

The instruction in the Summer Session is given by the professors who are the heads of the departments in the College, by instructors who are regular members of the Faculty and by assistants appointed by the Faculty.

While the organization of the work is favorable to rapid progress, the ruling ideal is thoroughness. Students are required to do the same work, and are graded and ranked according to the same standards as in the regular sessions of the College.

For a complete statement of the courses offered, see the Summer Session catalogue, published separately.

The Summer Session

The courses of study are designed to meet the needs of persons who wish to do academic work at a time when most institutions of learning are closed. They are intended especially for persons who wish to prepare for college, for undergraduates and others who wish to pursue college courses, and for teachers who wish to fit themselves for higher grades of teaching.

Section 1704 of the Act of Assembly approved May 18, 1911, contains the following important provision:

The board of school directors of every school district which shares in the special appropriation for high schools shall employ for its high school, during the entire term, a sufficient number of teachers for the teaching of any of the following branches, namely: bookkeeping, civil government, general history, algebra, geometry, rhetoric, English literature, Latin (including Cæsar, Virgil, and Cicero), physical geography, and the elements of botany, of zoölogy, of physics, and of chemistry. But no teacher shall be employed to teach any branch other than those enumerated in his certificate.

By taking courses in the Ursinus Summer Session teachers in service may qualify themselves for high school positions in accordance with the foregoing provisions of the law, and at the same time receive credit for their work in the College. Keeping up their connection with the College while teaching by Saturday courses, and returning for subsequent summer sessions, teachers may reach the point where they may enter college with advanced standing, and complete the requirements for the bachelor's degree in less than four years of residence. A higher education is thus made possible for teachers in the public schools who could not otherwise command the privileges of the College.

CREDIT FOR WORK

Students admitted to the college courses in the Summer Session on certificate approved by the Faculty, or on examination, and who maintain a grade of A, B or C in their work will be given credit toward the degree of Bachelor of Arts or Bachelor of Science. Students who have pursued regular

Ursinus College

courses in the Summer Session and have passed the final examinations in the same, are granted certificates setting forth the work done and the grade attained.

The certificate of the Ursinus Summer Session may be accepted by school superintendents in Pennsylvania in lieu of examinations from applicants for teachers' certificates.

TUITION AND FEES

Before entering the classes students must register at the Dean's office and pay their fees at the Treasurer's office. The fees are: Matriculation, \$5.00; Tuition, for one course, \$10.00; for each additional course, \$5.00. For each laboratory course a fee of \$3.00 is charged for use of apparatus.

No matriculation fee is charged to students in Ursinus College or to students who have paid the fee in a former summer session.

ROOM AND BOARD

Rooms in the College buildings, completely furnished for student residence, have been set apart for the use of summer students. Additional rooms will be secured, if necessary, in private homes near the College. The charge for a room, including light and attendance, is \$2.00 per week. A limited number of single rooms may be had for \$1.50 per week. When two students occupy a room together, the charge will be divided between them. Each student supplies his own towels, two pairs of sheets for a single bed, a bedspread, table napkins and napkin ring. Bed clothing may be rented from the College for \$1.50 for the session of six weeks.

Board may be obtained at private boarding houses for \$3.50 per week and upwards.

The special catalogue of the Summer Session may be had on application to the Dean of the College.

The Central Theological Seminary, continuing the Ursinus School of Theology, founded in 1871, and the Heidelberg Theological Seminary, founded in 1850, is located at Dayton, Ohio. The Seminary occupies a beautiful site comprising eight acres in an attractive section of the city.

The Seminary conserves in its teaching the older and better attested views with respect to doctrine, cultus, church government and criticism. Its doctrinal basis is the Heidelberg Catechism, interpreted in its historic sense.

The aims of the Seminary are twofold: First, to furnish young men with a spiritual, intellectual and practical preparation for the discharge of the duties of the Christian ministry; and secondly, to afford to students of talent opportunities for specialization in the various branches of theology.

Central Theological Seminary

ADMISSION

Each applicant for admission must present a certificate of church membership. The Central Theological Seminary is open to students of all denominations of Christians.

The specific requirements for admission to each of the several courses of study prescribed are stated in detail in the catalogue of the Seminary.

EXPENSES AND AID

Tuition is free. Pecuniary aid is given, to a limited extent, to those who are in need and can furnish the proper recommendations. In the excellent new building just completed, rooms are provided for regular students of the Theological Seminary, without charge; but every student is required to pay a contingent fee of \$20 per year. Good board is provided at approximately \$2.25 per week.

COURSES OF STUDY

I. THE REGULAR UNDERGRADUATE COURSE. Students who complete this course of study, pass all the required examinations, and submit a satisfactory thesis, receive a diploma and a certificate of graduation, setting forth that they have completed all the courses required by the Constitution of the Reformed Church, or usually required in theological seminaries.

II. THE GRADUATE COURSE LEADING TO THE DEGREE OF BACHELOR OF DIVINITY. This course may be pursued in residence or not in residence. Upon satisfactory completion of the course, students are recommended by the Faculty to the Board of Directors of Ursinus College as candidates for the degree of Bachelor of Divinity, to be conferred at the next ensuing Commencement of the College.

III. SPECIAL AND PARTIAL COURSES. Students not candidates for a diploma, also ministers in service, desiring to pursue special lines of study, and other persons possessing the necessary qualifications, will be received into any of the classes of the Seminary under the designation of "Special Students."
